

Field Goal %

```
graph BT; A[Field Goal %] --> B[% of Baskets Assisted]; B --> C[Win %]; C --> A;
```

The diagram consists of three rectangular boxes with black outlines and light gray shadows. The top box is labeled 'Field Goal %'. Below it, on the left, is a box labeled '% of Baskets Assisted', and on the right is a box labeled 'Win %'. A horizontal arrow points from the '% of Baskets Assisted' box to the 'Win %' box. Two diagonal arrows point from the bottom of the 'Win %' box back up to the 'Field Goal %' box, one on each side.

% of Baskets Assisted

Win %
