

Field Goal %

```
graph BT; A[Field Goal %] --> B[% of Baskets Assisted]; B --> C[Win %]; C --> A;
```

The diagram consists of three rectangular boxes with black outlines and light gray shadows. The top box is labeled 'Field Goal %'. Below it are two boxes: '% of Baskets Assisted' on the left and 'Win %' on the right. A horizontal arrow points from the left box to the right box. Two diagonal arrows point from the bottom of the top box to the top of the left and right boxes, forming a triangular relationship.

% of Baskets Assisted

Win %
